The Council backs Option 2 which will give the local NHS at least an extra £3.3m each year to spend on more GPs and nurses and will give this view in the consultation. It is notes that Option 2 retains the Consultant-led Woman and Children Unit at the PRH which was opened 4 years ago at the cost of £28m and that two thirds of admissions to this unit are from patients whose closest</p>

	hospital is the PRH. It is furthermore acknowledged that if Telford loses its 24/7 full A&E it will be the biggest urban area in England without this. Option 2 would see planned care at the RSH, with over half of patients who require planned care closest hospital being the RSH. From the two options available this Council considers option 2 will mean a better NHS for everyone.
